## Vision. Knowledge. Voice. Commitment.

The National Association of Elementary School Principals (NAESP) is recognized as a leader among elementary and middle-level principals, assistant principals, and inspiring principals.

We'd like to invite you to become a member of NAESP through a special partnership with the Canadian Association of Principals (CAP). You'll gain access to an international network of administrators with shared interests and concerns as well as access to some of the best publications and resources for elementary and middle-level principals in the world—all for a special discounted fee of just (US\$145) US\$135 for one full year.

*NAESP was founded in 1921 by a group of visionary principals who sought to advance the profession and create a support system and collegiality for principals. Today, NAESP continues its dedication to the support of elementary and middle-level principals, providing the information and resources they need to be successful school leaders. NAESP helps you help your students and staff to be enthusiastic participants in a community of learners.*
